

YOUR TRUSTED PARTNER

FOR INDUSTRIAL & AUTOMOTIVE SUPPLIES

Quality Products. Competitive Prices. Dependable Service. Discover a comprehensive range of filters, automotive spare parts, building materials, lubricants, and batteries for automotive, commercial, and industrial applications. We are committed to convenient sourcing solutions.

1. FILTERS & FILTRATION SYSTEMS

Reliable Protection

Discover a wide range of quality filtration products designed to support smooth equipment operation, reduce contamination risks, and help protect valuable machinery.

Air Filters

Keep dust and airborne contaminants under control with quality air filters for automotive and industrial applications. Supports engine performance and equipment reliability.

Oil Filters

Protect engines and machinery with oil filters designed to remove contaminants and maintain cleaner lubricating oil. Ideal for routine maintenance and long-term care.

Hydraulic Filters

Help maintain hydraulic system cleanliness with dependable filtration products for industrial machinery, construction equipment, and hydraulic applications.

Fuel Filters

Support cleaner fuel delivery with reliable fuel filters for vehicles, engines, and equipment. Suitable options for maintenance and replacement requirements.

Air-Oil Separators

Designed for compressed-air systems to separate oil from compressed air, supporting efficient compressor operation and system longevity.

Fuel Water Separators

Help remove water and contaminants from fuel with dependable separation solutions for heavy engines, vehicles, and fleet equipment.

Transmission Filters

Support transmission system protection with quality filters designed to capture contaminants and maintain cleaner transmission fluid.

Looking for the Right Filter? Contact us for bulk orders.

2. AUTOMOTIVE SPARE PARTS

Automotive Care

Keep vehicles and equipment running with our range of automotive spare parts and maintenance products. We help workshops, retailers, fleet operators, and individual customers source dependable products.

Industrial Belts

Reliable belts for power transmission and machinery applications.

Carbon Fibre

For automotive, industrial, and specialized engineering applications.

Car Polish

Enhance appearance, surface shine, and support paint care.

3. BUILDING MATERIALS

Construction Sourcing

Source building materials for residential, commercial, and industrial projects through one dependable supplier. We aim to make purchasing convenient for contractors, builders, developers, and project buyers.

4. PREMIUM LUBRICANTS & FLUIDS

Industrial & Automotive

Explore our range of lubricants and maintenance fluids for vehicles, machinery, industrial equipment, and marine applications.

Cutting Oil

Supports machining operations with lubrication, heat management, and surface finishing.

Air Compressor Oil

Maintains compressor performance, supporting continuous and reliable equipment operation.

Engine Oil

Formulated for wear protection, lubrication, and performance in everyday and heavy conditions.

Gear Oil

Protects transmission components and gears against friction and extreme operating loads.

Hydraulic Oil

Provides dependable fluid performance, lubrication, and wear protection for heavy machinery.

Marine Grade Oil

Engineered for marine engines and equipment operating under demanding maritime conditions.

4. LUBRICANTS (CONTINUED)

Maintenance Fluids

Automatic Transmission Fluid (ATF)

Maintains smooth automatic transmission operation with specially formulated fluids.

Chain Lubricant

Protects chains against friction and wear in automotive and mechanical applications.

Thinner

Suitable for paint, coating, and industrial cleaning applications.

Coolant

Manages engine operating temperatures and protects cooling system components.

Grease

Protects bearings, joints, and moving components for automotive and industrial maintenance.

5. BATTERIES & POWER SOLUTIONS

Dependable Power

Industrial Batteries

Power solutions for industrial equipment and backup systems.

Motorcycle Batteries

Reliable starting power designed for motorcycle models.

Car Batteries

Dependable starting power across diverse vehicle requirements.

WHY CHOOSE US?

Partner Advantage

Wide Range

Source essential products through one supplier.

Competitive Pricing

Cost-effective options for bulk procurement.

Bulk Supply

Dedicated service for workshops and fleet buyers.

Customer First

Assistance with specs, quotes, and availability.

Easy Sourcing

Streamline purchasing with multi-category stock.
